Letter to Potential Newtonville Camera Team Members

Hi there! We're hiring at Newtonville Camera, and I'd like to tell you a little about us and what we're looking for in a potential Newtonville Camera team member.

We are a real camera store.

Every one of our team members loves photography, and we love to share that love of photography with our clients. And Newtonville Camera is not your ordinary retail employment experience - we're not a mega-chain-store. We're an independent and locally owned, family business. Join our team and get paid to share your love of photography!

The first requirement for consideration is that you must love (or at least strongly like) photography. You don't have to be a Pulitzer Prize winning professional photographer, but you must at least enjoy taking pictures.

The second requirement is that you must be an organized, motivated, team-oriented, and personable leader & worker. We all pitch in to help clients, fulfill orders, improve the client experience, and improve our workspace.

The third requirement is that you must have experience with digital and film photography.

The fourth requirement is that you must be able to be patient and capable of enthusiastically explaining photography concepts to clients who are new to photography, or are looking to expand their photography capabilities.

The fifth requirement is that you must be a good salesperson. You must excel at being able to show clients the value of the services, products, and accessories that we sell, and to be able to truthfully and knowledgeably explain why more expensive products and services are worth the extra expense.
